Church Maintenance

Anyone who has ever held a job understands the frustration that comes about when you are asked for information or to perform a task that your predecessor did not pass on in your training process, if there was a training process. In February, the Diocese asked our office for the confirmation information of a Parishioner from 1958. It took 6 months to find the documentation, which was less than 5 feet from my desk, but that I had never had a need to go through. Obviously, it was equivalent to finding a pot of gold when I finally did.

Over the last 5 years, I have had the privilege of working with many members of this church, who have dedicated numerous hours of their lives to fulfilling a Vestry position here. Each of these people have also had similar struggles of learning what their position entails in a short amount of time. Unfortunately, even though each person has added new value to these positions, we have also lost information from previous seat holders, which could have prevented recreating the wheel.

For this reason, we are sending out a call to our church veterans for help. Your wealth of knowledge is important to us, and the future of our church. If you have ever had a part in repairing, replacing, maintaining, inspecting, or even tweaking an item at the church (boilers, furnaces, sprinklers, dishwashers, stoves, etc, etc) we would like you to help us, by jotting down your information so we can create a trail of knowledge for future members. Currently, our wonderful Jr. Warden, Dave Newton can come to the office and pull a file on our fire system which provides him with information on when an inspection was completed, what needed to be fixed, what was fixed, and how much it cost. Wouldn't it be nice to have a file like this for as many things as possible, at the church or office?

Hopefully this information will help prevent our next seat holders from wondering what happened, and allow us to be able to focus more on how we can prepare or prevent future issues from occurring.

If you have information you can share, no matter how big or small, please feel free to contact the office 509-926-6450, office@resurrectionspokane.org or pass the information along to Dave Newton.

Thank you for your help,

Jill Lowe
Office Administrator

Lessons for August 14

FIRST LESSON: (Isaiah 5:1-7) The prophet sings a sad parable about God's vineyard, Israel, and the destruction which must now come upon it.

PSALM: (Psalm 82) God pronounces judgment on the heavenly beings who have failed to defend the weak and the poor. The people call on God himself to judge and rule the earth.

SECOND LESSON: (Hebrews 11:29-12:2) In a long list of biblical heroes, we find examples of trust in God that enabled them to face the trials of life faithfully. In addition to this "cloud of witnesses," we have Jesus, the perfect model of faithful endurance.

GOSPEL: (Luke 12:49-56) Jesus foresees difficult times ahead: his own ordeal and the necessity of division even within families.
